Allowable Subject Matter

1. Claims 1-7, 9-10, 13-28, 31-33, 35-37, 40-45, 47-50 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 14-28, 31-33, 35-37, 40-41, 48-50, see examiner's statement of reasons for allowance as indicated in Paper dated 08/09/2004.

Regarding claim 1, the prior art of the record fails to show or fairly suggest an image pickup apparatus having a camera body and a lens unit, comprising an operation switch that controls said menu function unit in accordance with an operation state thereof to display a predetermined menu on a display screen of said display means, operates on the predetermined menu displayed on said display means to select a desired setting item from among a plurality of items of the predetermined menu displayed on said display means by said menu function unit and sets a condition regarding the motion direction of the lens unit, in combination with other claim elements.

Claims 2-7, 9-10, 13 are allowable for the reasons given in claim 1.

Regarding claim 42, the prior art of the record fails to show or fairly suggest an image pickup apparatus comprising inhibition means for inhibiting said control means from starting the stop control for a predetermined period when said detection means detects a stop of rotation of said ring member to continue the motion control of said magnification lens group based on the detection of the rotation of the ring member, in combination with other claim elements.

Claim 43 is allowable for the reasons given in claim 42.

Application/Control Number: 08/877,728

Art Unit: 2612

Regarding claim 44, the prior art of the record fails to show or fairly suggest an image pickup apparatus comprising change means for changing a sensitivity of motion start control of said control means relative to a detection result of said detection means so that said control means does not start the motion start control until an amount of rotation of said ring member, corresponding to the sensitivity, is detected by said detection means, in combination with other claim elements.

Claims 45, 47 are allowable for the reasons given in claim 44.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to LUONG T. NGUYEN whose telephone number is (571) 272-7315. The examiner can normally be reached on 7:30AM - 5:00PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Wendy Garber can be reached on (571) 272-7308. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
